

HPI CHALLENGE

S E R I E S F O U R | W W W . H P I C H A L L E N G E . C O M

SPONSORED BY :

Over the past three years the HPI Challenge has grown into one of Europe's most popular 'Manufactures' Race Series... This year should see much of the same...

With sensible 'cost controlled' rules and 6 different Classes (which cater for all levels of driver skill from absolute beginners to old-school experts), you quickly see why so many people enjoy racing in the HPI Challenge.

At every round there is a great friendly atmosphere, plenty of free 'expert' advice, huge free raffles (with great prizes) and even money prizes for the Top 3 in every Final. At the end of each season you have the chance to represent the UK Team at the European Finals.. you can even WIN a free trip to that race, as well as the HPI Challenge World Finals (which is being held in Japan this year)...

Did you say you were interested?

We'll fill-in the form on this page and send it to the addresses listed on the following page.
